Fuel Line Tubing & Hose

Eaton Industrial EH049 & EH089 Series

Applications:

- Fuel delivery lines for small engines
- Petroleum-based chemicals
- Biodiesel fuel to 100%
- Marine fuel lines

Meets EPA and CARB specifications. This EPA certification exceeds California Air Resource Board (CARB) regulations on a national level.

Meets EPA evaporative emissions regulations for marine outboard fuel systems and small gasoline-powered lawn, garden, and turf equipment.

Exceeds California air resources board standards for low hydrocarbon permeation rates.

Extremely low fuel permeation protects our environment. Excellent flexibility and strength provide ease of handling and durability.
