

# Easy to Operate

- Fixed position cutting blade is mounted in blade guard for operator protection.
- Additional spring loaded inner blade guard is also included for added protection.
- Cutting table comes with adjustable hose pins allowing hose to be pre-bent for less friction when cutting.
- Easy to grip handle pushes radius positioned hose into blade for fast, clean cuts.

*To ensure safety of operation, the cutting blade is enveloped in a cast iron guard and the belts are completely enclosed*

# Engineered Reliability

- Rugged heavy-duty base mount design.
- Powerful, industrial duty NEMA rated electric motor available in single or three phase power.
- 12 Volt DC motor also available on our #8 machine Precision ground and hardened M2 steel blades.

**HyQuip** LLC

An APPLIED® fluid power company

## Two blade types

### Bevel Blade

- Standard replacement cutting blade

### Scalloped Blade

- Recommended for cutting spiral wire hose

**Both blade designs can be re-sharpened many times**

- Bevel blades are designed to cut 1 & 2 wire hose
- Scalloped blades are designed to cut:
  - single wire
  - multi-wire
  - 4 & 6 wire reinforced hose
- Scalloped blades are reversible for extended life.

Scalloped Blade

Bevel Blade

## Machine Model No. 8

Light Duty Cut-Off Machine  
Used for cutting 1 & 2 Wire Hose  
and Light 4 Spiral Hose

### Specifications:

Dimensions: 13" W x 17" H x 24" L

Weight: 65 lbs\*

Blade Diameter: 8"

\* Shipping weight

Part Number	Motor		Hose Capacity	Blade Furnished
	HP	Electric		
24396	1.5	1/60/115V	1 1/2" I.D.	8" Bevel
24397	1.5	1/60/115V	2" I.D.	8" Scalloped
26252	2	1/60/230V	1 1/2" I.D.	8" Bevel
26253	2	1/60/230V	2" I.D.	8" Scalloped

## Machine Model No. 9

### Specifications:

Dimensions:  
22" W x 24" H x 42" L

Weight: 130 lbs\*

Blade Diameter: 10"

\* Shipping weight is 200 lbs

*HyQuip's  
Recommended  
Model!*

### Heavy Duty Cut-Off Machine

(Recommended model for production use)

**Easily cuts all sizes of 1 and 2-wire braid hose through -48 (3")**
